Life Style, Lovely Design.

Design da amare, dal 1957. Una passione per gli oggetti straordinari, nata con il pionieristico trattamento dei tecnopolimeri, ha portato Scab Design ad essere simbolo del Made in Italy all'interno del salotto internazionale del design. Quattro sedi produttive sul territorio testimoniano le capacità di un'azienda famosa per la qualità, il know how produttivo e la cura progettuale: un percorso verso l'eccellenza cominciato nel '74 con Patty, poltroncina pieghevole in ABS, capostipite di una serie di prodotti che ridefiniranno gli standard estetici e di lavorazione nel tempo. Una ricerca senza fine verso la perfezione della materia, sfociata nel riconoscimento esclusivo da parte di Bayer MaterialScience, riferimento internazionale nel settore, e che ha portato Scab Design ad essere oggi un brand di vertice tanto nell'home design quanto nel contract.

Design to be loved, since 1957. A passion for extraordinary objects, which started with the pioneering treatment of technopolymers, has led Scab Design to become the symbol of Italian production in the international showroom of design. Four production sites in the country show the capacity of a company famous for quality, production expertise and attention to design: a journey towards excellence that began in 1974 with Patty, a folding chair made of ABS, the ancestor of a series of products that were to redefine aesthetic and production standards in time. Endless research towards the perfection of matter, which resulted in the exclusive recognition by Bayer Material Science, an international reference in the sector, and which has led Scab Design to be a top brand today in design both for the home and in contract work.

50
YEAR
EXPERIENCE

Design made history. / Una Storia di Design.

Spazi e mente, aperti. Scab Design nasce dall'arredo per la casa e il giardino, da sempre con il pensiero rivolto all'innovazione. L'uso pionieristico negli anni '70 di materiali termoplastici ha dato il via ad un percorso costellato d'invenzioni, brevetti e scelte stilistiche che hanno scandito i tempi della contemporaneità, sino alle straordinarie collezioni in tecnopolimeri del giorno d'oggi. Una storia di bellezza e di successi, che prosegue da oltre 50 anni.

Design made history. / A history of Design.

Open spaces and minds. Scab Design comes from furnishings for the home and the garden, and has always been oriented towards innovation. The pioneering use in the 1970s of thermoplastic materials was the start of a journey marked by inventions, patents and stylistic choices that have characterized the contemporary period, up to the extraordinary collections in technopolymers of today. A story of beauty and success that has continued for over 50 years.

Get yourself in the comfort zone. / Il Comfort ti mette a tuo agio.

La morbida sensazione della comodità coccola ogni momento della tua giornata. Che sia al lavoro, a casa, per pensare o solo per un attimo di pieno relax, il senso di confortevolezza si sente a pelle. Le sedute imbottite di Scab Design rivestono ogni giornata di soffice armonia.

Get yourself in the comfort zone. / Comfort makes you feel at home.

The soft sensation of comfort pampers every moment of your day. Whether at work, at home, to think or just for a moment of total relaxation, the sense of comfort is skin-deep. The upholstered chairs by Scab Design give soft harmony to every day.

Francesco Battaglia

Patron e Amministratore delegato della società SCAB dal 1957.

Since 1957 SCAB Chief and Managing Director

Patty

Poltroncina pieghevole, capostipite dei prodotti Scab in polimero. Anno 1974.

Patty, folding chair in ABS, the ancestor of the Scab polymer products. 1974.

Guida alla compilazione del codice del prodotto finito.

E' indispensabile specificare i componenti del prodotto nel seguente ordine:
1 - Codice modello
2 - Sigla tessuto o colore scocca (a seconda del modello scelto)
3 - Finitura tessuto

Guidelines for creating the product reference number.

Please specify all component reference numbers of the product as per following order:
1 - Model reference number
2 - Fabric monogram (letters) or main body colour (according to the selected model)
3 - Fabric reference number
